Hartville, Missouri

Time Brings Many Changes

Ours is a book of faces which will change; but may the noble principles, loyalties, and standards of excellence instilled in us by our school remain the same. The Eagle Staff presents this yearbook as a remembrance of the faculty, students, activities, and organizations as they were during 1964-1965 in the Hartville School.

Patrons

Dear Readers,

The names appearing on this page are the names of those who have paid for about two thirds of the actual cost of this yearbook.

The Eagle Staff is faced with the problem of raising funds to make up the difference between the cost and the lower selling price of this book, so they contact businesses and individuals in our community.

Let's show these people who have sponsored pages and taken ads that we appreciate their backing our school and our yearbook. Let's back them and their businesses!
